

# Weber is hoping for dismissal of charges

Although in the unusual position of responding to indictments against himself, the elected Madison County prosecutor hopes for their prompt dismissal—and continues to take a positive outlook on his re-election prospects.

State's Attorney Don W. Weber of Collinsville won the Republican primary March 20 over Attorney James Hill of Godfrey and faces Democrat Richard Allen, a Granite City attorney, in the general election Nov. 6.

WEBER WAS INDICTED by a special grand jury April 18 on two counts of official misconduct.

Instructing former assistant state's attorney Keith Jensen to ask a regular grand jury to return property assessment indictments prior to the primary election and, when this did not occur,

Directing him to seek indictments for issuance before March 28, the day the special grand jury was to reconvene.

It is contended that the timing suggestions were meant mainly to aid Weber's image as a tough and effective

prosecutor, rather than to serve the cause of justice.

In most instances, the state's attorney of an Illinois county can legally say virtually anything; he has special protection under state law. But the indictments indicate jurors' belief that such instructions to an assistant prosecutor were not in conformity with Illinois statutes.

DONALD GROSSHONG, Weber's lawyer, says neither indictment states "a cause of action or any crime." He will file a motion this week for dismissal of both allegations.

Weber takes the position that he is being charged with thinking about returning an indictment, something he says is well within the scope of his duties as state's attorney.

Jensen resigned March 27 as a Weber assistant, having concluded that he was being given improper guidance; the next day, Philip J. Rarick, chief criminal court judge of the Third Judicial Circuit, appointed Jensen to head the assessment investigation, which has produced no indictments. Rarick barred further

participation by Weber in that particular probe.

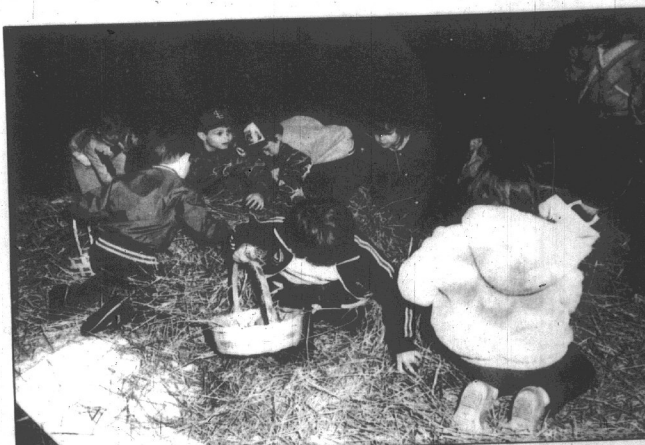

The special grand jury investigation of Weber's conduct was led by Paul C. Verticchio, a Macoupin County lawyer who is a former prosecutor and judge. A Democrat, Verticchio was chosen by the Madison County circuit court, staffed entirely by Democrats.

VERTICCHIO SAYS his work is complete and that no indictments will be sought on allegations against Weber voiced by Amiel Cueto, a St. Clair County Democrat and lawyer. These included use of county funds, comments to a defense attorney and prosecution of one of Cueto's clients.

Acknowledging that his allegations were hearsay, Cueto says he is satisfied with the indictments but that he does not regard the prosecutor as having been exonerated on Cueto's allegations. Weber and his wife are suing Cueto for libel.

Cueto says Weber is entitled to be presumed innocent, but asserts that Weber—in contrast to this concept—has called in the past for the

## \$58 million case reversed

By BILL WINTER  
of the Press-Record  
Awarding of \$58 million to 47 injured railroad employees in a four-month Madison County trial was reversed Thursday by appellate judges.

The decision appears to strike directly at the heavy concentration of court activity—including non-local lawsuits—in the Madison-St. Clair counties area. The judges said that "not even a grosser thread binds this case to Illinois."

THE 1982 TRIAL was based on a

1979 Sturgeon, Mo., railroad derailment and dioxin spill. Circuit Judge Charles Chapman presided. Sturgeon is about 150 miles northwest of the trial site in Edwardsville.

The Fourth District Appellate Court dismissed the Madison County trial and said it ought to be rescheduled for a more appropriate location, "presumably Central Missouri."

Median-income Metro-East families will pay \$1,451 more this year in combined local, state and federal taxes than in 1980, according to a study just completed by Patrick Quinn, a Cook County Appeals Board commissioner.

Despite the tax rise, governmental services continue to be cut back and

the state continues to experience recession problems. But better days may be ahead, and there are high hopes locally for reinvigoration of past A.O. Smith and American Steel Foundries industrial activity.

## I-255 bids to be opened on Friday

The Illinois Department of Transportation is to open bids Friday on 15 construction projects dealing with building of the new Interstate 255 just east of the Quad-City area. Contracts are expected to total nearly \$33 million in this bid letting.

Projects for which bids are to be opened in Springfield Friday include:

— CONSTRUCTION of two bridges carrying I-255 over Cahokia Canal between Horseshoe Lake Road and Stallings Road north of Mitchell.

— A grade separation structure of continuous composite welded steel

plate girder and slab approach spans with vaulted abutments carrying the southbound lanes of I-255 over I-270 northeast of Pontoon Beach.

— The complete removal of the superstructure and portions of the substructure of an existing two-lane bridge over the Mississippi River at Jefferson Barracks.

— 1.06 MILES of grading for pavement on I-255 between I-270 and the Chicago and North Western and Illinois Central Gulf railroad tracks west of Glen Carbon.

— Construction of two bridges to carry I-255 over Business Route 40 and .51 of a mile of concrete base

course and concrete resurfacing, all at the west edge of Collinsville.

— Construction of a noise barrier system and guardrail along I-255 from southwest of Bond Avenue to Route 103 in Centerville and Alorton.

— CONSTRUCTION of a triple box culvert on I-255 over Schneider Ditch, a half mile north of the interchange with Interstates 55-70 at the west edge of Collinsville.

— Two bridges to carry I-255 over Canaan Creek near the southwest limits of Collinsville.

— Furnishing and installing highway lighting on I-255 from Route 15 in Alorton southwest to the Jefferson Barracks Bridge southwest of Dupo.

— FURNISHING and erecting traffic signals and delineators on I-255 from Route 15 in Alorton southwest to the Mississippi River Bridge.

— Painting of structural steel on dual bridges carrying I-255 over Old

Prairie DuPont Creek south of Cahokia.

— .66 of a mile of earth grading for concrete pavement on I-255 from six-tenths of a mile south to just north of I-270 between Route 111 and Sand Road west of Glen Carbon.

— .76 OF A MILE of surface course on access road number two along I-270 between Route 111 and I-255 east of Pontoon Beach.

— .69 of a mile of base course and surface treatment on access road number three along I-270 between I-255 and Sand Road west of Glen Carbon.

— A grade separation structure carrying Black Lane over I-255 and .55 of a mile of bituminous treated aggregate on Black Lane at the west edge of Collinsville.

The projects make up the vast majority of Friday's bid letting for which engineers estimate the work will cost \$33 million.

## New sewer breaks

"Yeah, we have troubles," Granite City Street Superintendent Mac Wartfield told the Press-Record this morning after four new sewer breaks which brought the total number of known breaks in the city to 16.

"With the high water table, when it starts going down, we will probably have a lot more of them (breaks)," Wartfield noted. He said he plans to discuss the problem with the city council at a special meeting at 6 o'clock tomorrow night that meeting will be open to the public,

followed by the regular city council meeting starting at 7 p.m.

AT LEAST three cave-ins were reported during the weekend — part of the street was reported caving in at Wabash Avenue and Pontoon Road, there was another hole developing behind the Colonial Haven Nursing Home parking lot and ground was sinking in the alley between the 2200 blocks of Lynch and Waterman avenues.

There also were reports of a manhole caving in at 3169 Jull

## Additional home energy aid will serve 50,000 more homes in state

An \$11.6 million supplemental appropriation from Congress will enable the state to assist in paying the energy bills of about 50,000 additional income-eligible households, Governor James R. Thompson said.

Local administering agencies stopped accepting applications for the Illinois Home Energy Assistance Program (IHEAP) April 6 after the initial \$14.5 million allotted to the local application component had been obligated. The supplement will enable local administering agencies to fund about 50,000 more applications received.

"This program served about 160,000 households through the original appropriation before funds were depleted," Thompson said. "This additional money will enable us to serve those who applied before April 6 but were not funded."

Department of Commerce and Community Affairs (DCCA) Director Michael T. Woelfer said, "We are not accepting any new regular heating assistance applications, but will continue to accept applications from those households who are already disconnected from their energy source."

In anticipation of the supplement-

tary funding, DCCA, legislative officials and the Illinois Commerce Commission worked out an agreement with the utilities to postpone disconnecting of service to those who may be eligible to receive assistance from the supplemental funds.

"The utilities have been very cooperative. They agreed to check with local administering agencies to find out if the household would be receiving some of the supplementary money before taking any action," Woelfer said. "We believe this will avert the disconnection of service for many Illinois households."

DCCA has divided the supplement into two pools. First, \$10.6 million was used to cover about 46,000 eligible households which have already applied. Second, \$1 million was allocated for about 4,000 households that have or will be disconnected from their energy source.

With the supplement, Illinois has received a total of \$120.2 million for energy assistance for state Fiscal Year 1984. About \$59.1 million (including the supplement) will be used by the local agencies to help 218,000 households. \$34.4 million was used by the Department of Public Aid to assist 169,000 households. \$9.1

million to the public housing authorities to help 45,000 households. \$14.5 is being used in the Illinois Home Weatherization Program to help low-income households reduce fuel consumption and the remaining dollars were for administration.

IHEAP provides financial assistance to income-eligible households in paying energy bills. Eligibility is based on total household members and their combined income over the 90 days prior to application. Local administering agencies statewide process applications.

### Bank compliance officers to meet

The Southwestern Illinois Association of Bank Compliance Officers will hold its fifth annual meeting Thursday, April 26, at the Holiday Inn of Collinsville. It was announced by the association's president, Gary L. Fisher, auditor of First Illinois Bank in East St. Louis.

Featured at the meeting will be an exhibition by bank suppliers of the latest in equipment and services for financial institutions. This will be from 1 to 4:30 p.m., followed by a social hour and banquet. Guest speaker at the banquet will be Mary Hendin, director of promotions for the St. Louis Cardinals. More than 200 compliance officers from financial institutions throughout Southwestern Illinois are expected to attend the meeting.

## Auto theft bill advances, 15-0

The Senate Commerce Committee has unanimously approved auto theft legislation — the Motor Vehicle Theft Law Enforcement Act of 1984 (S. 1400) — introduced by Senator Charles H. Percy (R-Ill.).

"The 15-0 vote indicates national bipartisan support for strengthening federal laws to reduce the \$5 billion a year auto theft problem," Percy said. "It appears we are close to reaching agreement in both Houses that could very well result in S. 1400 becoming law this year."

The bill, as amended by the committee, would require auto manufacturers to put additional identifying numbers or install anti-theft devices on more than 70 percent of the vehicles most likely to be stolen in the U.S.

Percy noted the participation of motor vehicle manufacturers and the Coalition to Halt Automotive Theft (CHAT) working out a compromise.

"I thank Sen. Jack Danforth (R-Mo.) and his staff for their dedication in moving this bill," Percy said. "I also thank Sen. Don Riegle (D-Mich.) who was instrumental in bringing the manufacturers to the bargaining table."

Percy also thanked Sen. Alan Dixon (D-Ill.). "Since I first introduced the bill in 1978, when my colleague was Illinois secretary of state, up to today when Sen. Dixon personally lobbied Democratic members of the Commerce Committee, he has been behind the bill 100 percent," Percy said.

The bill aims at reducing auto theft as well as insurance premiums paid by motorists. In some parts of Chicago, theft-related insurance premiums exceed \$300 annually for standard-sized new cars.

**'Business climate'**

(Continued from Page 1)

cost and taxation trends, authorities say.

A NEW SURVEY discloses that Illinois ranks only 44th in the attractiveness of its business climate—better than only four other states among the contiguous 48. Plagued by Sun Belt competition, five Great Lakes states are among the bottom seven.

Governor James R. Thompson took exception to the "44th best" rating Friday.

He said such findings continue to be flawed because they make no attempt to consider significant "quality of life" factors.

"Life quality can be and is regularly measured. What is the availability and cost of housing? What kind of recreation is offered? How many and what caliber of schools do we have? What medical facilities are available? These are all key factors and there are many more."

"VIRTUALLY EVERY decision to expand or locate in Illinois hinges on some aspect of transportation, and yet the '44th best' report ignores transportation," the governor concluded.

With some states offering big tax concessions to attract industry, Illinois lost 140,500 manufacturing jobs in 1980-79 and the total loss now is estimated by some at 400,000. Thompson says a lot of those jobs "disappeared" but did not "leave" for other states.

In any case, industries like Smith and American Steel value highly the pool of skilled workers in the Quad City area.

And employees at many local firms not experiencing shutdowns have shown willingness to cooperate with management in curbing wage and other production costs.

UNLIMITED WATER resources and heart-of-the-nation location also enhance the local area, along with a concentration of intermodal shipping links and transfer points.

To return to the negative for a moment, Illinois has just been ranked at the bottom of the list of 50 states in federal tax dollars returned from Washington.

Illinois taxpayers forwarded to the U.S. \$12.5 billion more than was returned in federal spending in 1982. This state also finished last in 1980 and 1981. The cumulative loss since 1976 has been \$55 billion for Illinois.

GOVERNOR Thompson has been urging state universities to be aggressive in seeking federal research projects, and congressmen have been urging such businesses to apply for federal contracts.

The 22 Illinois members of Congress and U.S. Senators Alan Dixon and Charles Percy—the latter opposed for re-election by Cong. Paul Simon—also are being encouraged to "become part of the solution and not part of the problem."

They are being asked to use their

"clout" in Washington to seek better economic treatment of this populous state.

That clout is somewhat diminished, however, by a new census study showing that Los Angeles topped Chicago as the second largest city as of July 1982. New York City remains the biggest.

Counting city boundaries only, not the entire metropolitan area, St. Louis now is far down the list and even trails another Missouri city, Kansas City.

PAST-GROWING Houston advanced to fourth place in population, just ahead of Philadelphia, and there are now three Texas cities in the top ten. From sixth to tenth are Detroit, Dallas, San Diego, Phoenix and San Antonio.

A potential negative for this community, this metropolitan area and this state—as Illinois businesses view things—is the drive for a new way to calculate the state utility tax.

Any change that would increase the portion of energy taxes paid by industries would harm economic expansion and job opportunities, the Illinois Manufacturers' Association asserted this month.

One legislative proposal would base the tax on utilities' energy consumption rather than on their gross receipts.

A COMPETING PLAN would cut the state utility tax in half, prompting state legislative officials to warn against eroding the Illinois tax base from which varied services are financed.

The idea for a 2½ percent rather than a 5 percent state utility tax is being pushed—through a series of advisory elections—by the Coalition for Political Honesty, which wants to make up for the revenue by "closing loopholes" in corporate taxes in Illinois.

The Coalition's chief spokesman, Patrick Quinn, is the same Cook County official whose survey shows middle-income families here and elsewhere are bearing the brunt of tax growth.

As noted, he has found that numerous local area families are paying \$1,451 more in combined taxes than the year four years ago. He pinpointed Belleville in his data-gathering.

Similar figures are \$1,564 in Chicago, \$1,694 in Springfield, \$1,725 in Decatur, \$1,028 in Carbondale, \$1,902 in Champaign, \$1,721 in Peoria, \$1,454 in Quincy, \$1,236 in Rock Island and \$1,672 in Rockford.

STATE AND LOCAL taxes for typical families rose 34 percent faster than wages over the past four years, the decade of the 1980s has witnessed a fundamental shift in overall tax burden, Quinn contends.

"An average taxpayer is forced to pay more and more, while rich people and big corporations get away

with paying less and less."

He noted that the state sales tax rate has risen from 4 to 5 percent, and the state motor fuel tax from 7½ to 11 cents per gallon.

In the Chicago area, the tax rise has been 50 percent faster than wage boosts, including doubling of the city utility tax and a rise in the Chicago portion of the sales tax from 2 to 3 percent.

He also assailed "the state's continued reliance on the regressive 5 percent tax on natural gas, telephone and electricity bills."

QUINN ESTIMATED that Chicago households with incomes of \$100,000 a year have seen their income gains outpace the growth of their combined tax bills by 40 percent.

"It's not hard to figure out why people are so frustrated with our tax system," he said last week. "Even though services get cut and deficits go up, taxes for average families keep rising. Meanwhile, 'loophole mania' has swept the ranks of the wealthy."

The study dealt primarily with the ten areas and found that in every one, state and local tax bills had climbed faster than wages. Its recommendation is that legislators act to "reverse the shift in tax burdens."

"Several bills currently pending before Congress and the General Assembly would, if passed, go a long way toward redressing these inequities."

"THE TAXPAYER RELIEF Act would permanently cap the state utility tax at 1981 levels while repealing corporate loopholes."

"This study documents the need for real tax relief in Illinois. And we can afford it if we are willing to make all sectors of society pay their fair share," Quinn commented.

At the federal level, the Bradley-Gephardt "Fair Tax" plan was recommended.

He summed up: "Combined federal, state and local tax bills facing median-income families throughout Illinois will be \$1,000 to \$2,000 higher in 1984 than in 1980."

SINCE 1980, state and local tax bills for median families have risen by 26.9 percent in Rock Island to 54.5 percent in Peoria. All of the changes exceed the 24.3 percent rate at which Illinois salaries and wages increased.

The federal personal income tax cut has kept the increase in total federal tax bills equal to or just below the increase in wages.

Increased Social Security taxes and federal gasoline taxes have almost entirely offset any benefit from the Ken Roth tax cuts derived by middle-income taxpayers.

For a \$100,000 family, Kempthorne has helped keep the rate of increase in all taxes so far in the 1980s to 17.2 percent.

**'Ask A Lawyer' Day is Saturday**

Illinois citizens who have a legal problem or need information about the law can talk with a lawyer—at no cost—on Saturday, April 28. The third annual "Ask A Lawyer" day will be held to coincide with Law Day, 1984.

Lawyer volunteers will answer phones at eight locations around Illinois from 9 a.m. to 3 p.m. to give the public in all parts of the state general consultation on legal problems. "Ask A Lawyer" day is sponsored by the Illinois State Bar Association Lawyer Referral Service in cooperation with bar associations in Chicago and suburbs, Lake County, Winnebago County, Will County, Peoria County and Sangamon County.

Lawyers answering the phones will be able to tell callers general principles of law that relate to their inquiries. If a caller requires specific legal advice or service, he or she will be advised to consult a lawyer.

Lawyer volunteers will accept questions about family law, housing, consumer problems or any other legal situation affecting individuals. Callers will be advised to steps they can take to resolve their legal problems. If they need legal services, they will be directed to their own attorney or will receive a referral through the lawyer referral service in their area.

The toll-free phone lines at the Illinois Bar Center in Springfield will be answered on Saturday, April 28.

be answered on April 28 by volunteers of the Sangamon County Bar Association Young Lawyers Division. Anyone in the state may call either 1-800-252-8908 or 1-800-252-8916.

Each of the sponsoring bar associations operates a lawyer referral service year-round for people who need legal services but do

not have a lawyer. The services make referrals to lawyers who agree to provide an initial consultation at low cost to determine the client's legal needs.

The public service project is intended to enable persons to understand their rights and responsibilities under the law and how to protect their legal rights.

**NEW VICAR GENERAL** of the Springfield, Ill., Catholic Diocese is a native Granite Cityan. Monsignor Paul W. Sheridan, left, is shown in this photo at the diocesan chancery office with Msgr. Sheridan, Msgr. William F. Haug, who resigned as vicar general, Bishop Daniel L. Ryan, bishop of Springfield, and Fr. John A. Renken, who succeeds Msgr. Sheridan as chancellor.

## Msgr. Sheridan has lifelong link to Springfield Diocese

Monsignor Paul W. Sheridan, appointed last week as vicar general of the Catholic Diocese of Springfield, has had a lifelong association with that diocese.

He also was appointed moderator of the curia, a new position created by the revised Code of Canon Law. The retiring vicar general is Msgr. William F. Haug.

Replacing Msgr. Sheridan as chancellor is Father John A. Renken, 31, formerly of Carlinville, who also was named episcopal vicar for canonical affairs, a new post created following the Second Vatican Council and highlighted in the revised code.

The vicar general serves as the immediate administrative assistant of Bishop Daniel L. Ryan in the pastoral governance of the diocese. The episcopal vicar also assists the bishop in pastoral care of the diocese by sharing episcopal responsibility in all matters touched upon by the Code.

Within their respective realms, the two serve as "local ordinaries" with the diocesan bishop.

As curia moderator, Msgr. Sheridan will have the responsibility, under the bishop's pastoral leadership, to coordinate the exercise of administrative responsibilities within the offices of the diocesan curia.

Msgr. Haug, 78, born in Brussels, Ill., has served the diocese in various capacities with four bishops. Bishop James A. Griffin, Bishop William A. O'Connor, Bishop Joseph A. McNicholas and Bishop Ryan. Msgr. Haug became comptroller in 1944, examiner of the clergy in 1946, vice chancellor in 1949, chancellor in 1957 and vicar general in 1974.

Msgr. Sheridan was born Nov. 26, 1931, in Granite City. He is the son of Mrs. Edna Sheridan and the late Philip Henry Sheridan Sr.

Attending St. Joseph School and Granite City High School, he received a bachelor's degree in philosophy at St. Ambrose College, Davenport.

Bishop O'Connor assigned him in 1953 to pursue theological studies at the North American College, Rome, Italy. He was ordained a priest in Rome Dec. 16, 1956, by the Most Rev. Martin J. O'Connor, rector of North American College.

Father Sheridan received the licentiate in sacred theology from the Pontifical Gregorian University in 1957.

From 1957 to 1960 he was associate pastor of St. Matthew Church, Alton, and then was appointed vice chancellor of the local diocese and

promoter of justice on the diocesan tribunal.

From 1961 to 1964 he returned to Rome, where he received a doctorate in canon law at the Lateran University.

Appointed as chaplain of St. Joseph Home, Springfield, in 1964, he continued to serve as diocesan vice chancellor until 1974, when he was named chancellor.

Msgr. Sheridan served as a member of the Diocesan Liturgical Commission from 1969 to 1973.

He serves on the diocesan tribunal as a defender of the bond and as procurator-advocate.

Msgr. Sheridan is a member of the Committee for the Permanent Diaconate and has served since Jan. 15, 1976, as a member of the College of Consultors of the diocese.

Pope Paul VI named Msgr. Sheridan a domestic prelate on April 26, 1974.

Following the death of Bishop McNicholas last April, Msgr. Sheridan was chosen by the College of Consultors to serve as interim administrator of the diocese. That responsibility continued until Jan. 17, 1984, when Bishop Ryan became the new diocesan bishop.

**\$1 MILLION PRIZE IS NO FANTASY TO CHICAGO WOMAN**  
A 31-year old sales representative became a millionaire Thursday afternoon. Patricia A. Washington won a 20-year, \$1 million annuity, payable at \$50,000 per year, at the Illinois State Lottery's drawing held in the lobby of the Richard J. Daley Center, Chicago.

The Chicagoan was one of seven finalists chosen in a random drawing held previously. Winners of \$25, \$50 or \$100 in the lottery's instant game Fantasy were eligible to be finalists. The winner and her husband, Alvin, have one son, aged five.

## Tapes on missing children available to schools, clubs

St. Louis area school districts and PTAs will have access to a specially produced videotape, "Missing Child Alert," as part of a KSDK public service campaign to heighten awareness of the increasing national problem of missing children.

The videotape, developed by the producers of NBC's "Real People" and hosted by the show's Sarah Purcell, presents an overview of the problem of missing children. In it, she narrates case histories and discusses community activities that can help parents understand problems related to child abduction, ways to prevent it and ways to protect children.

As part of its "Missing Children" campaign, KSDK is offering the videotape to area school groups through the St. Louis Suburban Cooperating School Districts audio visual department.

Schools that are not members of the Cooperating School Districts may obtain the videotape by calling the St. Louis Jaycee Women at 1-314-351-5812.

The "Missing Child Alert" videotape also is available to groups throughout the year. However, during the first week of May, KSDK will devote prime viewing time to the problem, in addition to airing a four-part Eyewitness News series on the subject.

On Monday, April 30, at 7 p.m., KSDK will air "Wards of the Street," a special look at runaway children in America. At 8 p.m. on April 30, Channel 5 will rebroadcast "Adam," the story of 6-year-old Adam Walsh, who was abducted in 1981 from his Florida home. Since "Adam" was first broadcast in October 1983, 16 children nationwide have been found and returned to their homes.

Eyewitness News reporter Mike Owens begins his four-part series, "Terri Scott Is Missing," on the Eyewitness News at 10 p.m. on April 30. The series, which runs through Thursday, May 3, focuses on the problem of missing children in the St. Louis area.

"The problem of missing children—whether they are children who run away from home, are abducted by a stranger, or even abducted by a parent—is a serious problem in the U.S.," said Owens. "The goals of both our series and the special programming offered the week of April 30 are to give parents and teachers some solid ideas for protecting children today, for a safer tomorrow. And, we hope that our efforts to increase awareness about this problem will make parents understand its magnitude and know what concrete steps they can take to prevent it."

# Wilmsmeyer the new board chairman of First GC National

Melvin C. Wilmsmeyer was named the new chairman of the board of First Granite City National Bank at last week's annual meeting of shareholders of First Granite Bancorporation, Inc., holding company. The meeting was conducted at the bank.

Of the 528,000 shares of common stock outstanding, 411,606 shares were voted in the election of directors of the company. Directors elected at the meeting were Joseph Glik, Thomas E. Holloway, S. E. Pershall Jr., John W. Reese, George T. Wilkins, Jr. and Melvin C.

Wilmsmeyer. Pershall, former chairman of the board announced his resignation from that position to devote more time to his other business interests.

President Wilmsmeyer reviewed the annual Report to shareholders, highlighting the 1983 accomplishments of the company and its two subsidiaries, First Granite City National Bank and Colonial Bank of Granite City. Wilmsmeyer indicated that the narrowing spread between the cost of interest-bearing deposit accounts and the return on interest-earning assets will continue to put pressure on earnings. In order to maintain the company's record of earnings growth, more emphasis will be placed on non-interest income sources, such as service fees, which most banking organizations have historically priced at less than break-even levels.

Wilmsmeyer complimented the shareholders on their strong support of the Dec. 21, 1983, four-for-one stock split transaction. In addition, it was reported that on April 6, 1984, a registration statement was filed with the Securities and Exchange Commission relative to the offering for sale of up to a maximum of 222,000 additional shares of holding company common stock.

Wilmsmeyer reported the offering price has been established at \$14 per share. All offerings will be made pursuant to a prospectus.

Wilmsmeyer then recognized C. L. Gavin for his 36 years of distinguished service to First Granite City National Bank. Gavin, who had served as senior vice president since 1968, announced his retirement effective April 15, 1984. His services will be missed by both customers and co-workers alike.

Following the meeting of First Granite Bancorporation, Inc., the

annual shareholder meeting of First Granite City National Bank was held to elect directors for the coming year. Re-elected as directors were Earl C. Buenger, Wilbert Engelke, Christ V. Geroff, Joseph Glik, Thomas E. Holloway, S. E. Pershall Jr., Carl A. Rant, John W. Reese, Edward L. Sambuchi, Melvin C. Wilmsmeyer and Leonard E. Yelon.

At the organizational meeting of the board of directors of First Granite City National Bank, Pershall, announced his resignation and said he will remain a member of the board and will continue to serve as chairman of the executive committee, a position which he has held since 1978.

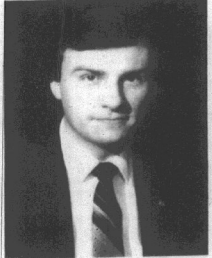

Wilmsmeyer, who joined the bank in 1965 after serving as a national bank examiner for the Office of the Comptroller of the Currency for nine years, was named chairman of the board. Wilmsmeyer had served as president of First Granite City National Bank since 1971. As chief executive officer, Wilmsmeyer will concentrate his efforts on the overall administration of both the bank and First Granite Bancorporation.

Holloway, who joined First Granite City National Bank in May 1974, after receiving both a master of business administration degree and a bachelor of arts degree from Southern Illinois University at Carbondale, was named president of the bank succeeding Wilmsmeyer. Having gained experience in the audit, operations, real estate and commercial lending areas of the bank, Holloway's responsibilities also will be primarily of an administrative nature.

I. J. Pitman, formerly the vice president, cashier, and security officer of the bank, was promoted to the position of senior vice president and cashier. Pitman, in addition to

his duties as cashier, will retain responsibility for the bank's personnel function. Elmer L. Wortham was named vice president and security officer. Having served most recently as vice president and auditor, Wortham will be assigned additional responsibilities in the operations area of the bank.

In addition, two other promotions were announced. Gregory Jones, who has served most recently as assistant auditor, was named to the position of auditor. Larry Wiegand, a newly-appointed officer, will hold the title of EDP auditor and will maintain responsibility for the audit-related aspects of the data processing function.

Other officers named were: Howard L. Eubank, senior vice president, John H. Talgren, vice president and trust officer, Earl G. Dotzauer, vice president and controller, Herbert S. Camren and Raymond R. Burton, vice presidents, T.

J. Conrad, vice president and director of data processing, Merle Rose, real estate loan officer, Albert G. Hudzik, assistant vice president and secretary of the board of directors, Mike Kuller, assistant vice president and compliance officer, Randy E. Vollmar, assistant vice president, Jay B. Fineshriber, Frank J. Kierski, and Edward Uherick, assistant cashiers, Mattie L. Pope, manager of the Bellemore Facility, Laveada M. Knobbe, assistant trust officer, Vernon Dale Smith, assistant director of data processing, Terry Giles, consumer loan officer, and James Townley, director of marketing.

Officers elected for the holding company, First Granite Bancorporation, were Wilmsmeyer, president, Holloway, John W. Reese and Pershall, vice presidents, Hudzik, secretary, Earl G. Dotzauer, treasurer, and John H. Talgren, assistant treasurer.

## Venice schools postpone decision on covering of asbestos ceilings

**By Pat Hay Lutz for the Press-Record**

The proposed encapsulation of asbestos ceilings was postponed by members of the Venice School Board Wednesday night because of pending legislation which might provide funds for the removal of such asbestos in schools.

School Superintendent Robert Vickers recommended the postponement of the proposed encapsulation of ceilings in the 1954 addition of Venice School and in the Venice-Lincoln Technical Center because the \$50,000 which would be spent for the project will not be reimbursed if the legislation is passed.

The bill would provide \$20 million for Illinois schools to remove asbestos ceilings, but makes no provision for encapsulation.

"We should know something by

the end of July, maybe September, and we could decide what to do then," Vickers suggested.

Board members also approved several interfund transfers, including \$50,000 from the education fund into the building fund, which was immediately transferred back into the education fund. \$10,000 was then transferred back into the building fund.

Vickers explained that these transfers were necessary to repay interfund loans that had to be repaid within one year, and that the education fund still owes the building fund \$40,000.

After the loans were repaid, an im-

mediate transfer was necessary to prevent the issuance of tax anticipation warrants to cover financial needs in the education fund.

A fourth transfer of \$10,000 was repaid into the fire and safety fund by the education fund, leaving a balance of \$8,000 owed to the fire and safety fund.

In a report to the board, Venice-Lincoln Technical Center Director Peter Porek told board members that the nurse assistant class graduation scheduled for April 25 has been cancelled and graduates will participate in a tentative all-school graduation on May 23.

## Volksmarch Saturday at Pere Marquette

The Illinois Trekkers of Scott AFB and the Illinois Department of Conservation will be sponsoring a Volksmarch at Pere Marquette State Park on Saturday, April 28.

Volksmarching is a family-oriented hiking activity. Volksmarching, with its origin in Germany, is rapidly becoming a popular recreational activity for all age groups throughout the United States. A 10 kilometer (6.2 miles) and 20 kilometer (12.4 miles) course will be available.

The walk is free, however all participants must obtain a start card. Check points will be established along the trail where hikers also can obtain cold drinks. Food and beverages will be available for purchase at the start/finish point. Those competing the course and paying the registration fee will receive a commemorative medal. Participants should plan to start the course between 8 a.m. and 2 p.m. All participants must be finished by 5 p.m.

Pere Marquette State Park is located approximately 25 miles north of Alton on Route 100. Park features include a lodge and guest house built by the Civilian Conservation Corps in the 1930's, dining facilities, camping, picnicking, fishing, hiking, horseback riding, boating and a playground. For further information and preregistration forms, interested persons may contact Pere Marquette State Park at 1-786-5323.

Volksmarching is endorsed by the Illinois Governor's Council on Health and Physical Fitness.

FEATURED SPEAKERS WILL BE:

Reverend Harvey A. Smith

Rev. Smith is an author and international conference speaker. For several years he worked for a large investment firm aiding those who had financial problems to get out of debt. As a pastor, God enabled Brother Smith to develop a simple but powerful approach of debt payoff. He has helped many to the path of financial independence.

In fact, Brother Harvey emphatically states that most individuals will see a tremendous difference in their financial situation within just seven or eight weeks, regardless of how much debt they owe or how reduced their income may be, by using his approach to financial budgeting.

## Moad challenges city engineer's retirement

Sixth Ward Alderman "Woody" Moad says he cannot accept the retirement letter of City Engineer Monroe Brewer, since the city employee would be entitled to certain benefits he might not receive if he simply resigned.

Brewer has worked for the city 11 years. He will leave his position on April 30 to become director of maintenance for Washington University.

Moad has directly and indirectly challenged the position of Brewer several times in the past, since the alderman was his aide. Moad said the position of city engineer he eliminated and also advocated a residency requirement for city employees, when Brewer was one of only four city employees living outside the city limits.

Moad said last week he thought it was "wrong" that Brewer would be eligible to some of the same benefits as an employee who might retire after working 20 years for the city.

Brewer said the only difference in benefits he is aware of are sick leave benefits. He said he is eligible to receive half of up to 90 days of leave he has accumulated, according to the city's Municipal Code book.

Lionel Portell, former superintendent of streets, received sick leave benefits after he resigned. Another employee, who worked for the city fewer years than Brewer, has legally challenged the city for his sick leave pay.

Seventh Ward Alderman Michael Modrusie made a motion to defer the motion Tuesday, until a legal opinion on the matter could be issued by the city's attorney.

Moad had asked the city to hire an engineering firm on a retainer basis only, in lieu of having a full-time engineer. But Moad now says he is not really sure at this point if he will ask the city engineer's post be eliminated.

Moad said he is displeased with the service Brewer gave to the Sixth Ward, citing long standing traffic and drainage problems in his ward.

However, Aldermen Paul Fisk, Third Ward, and Sam Whitmer, Second Ward, praised the work of Brewer at the council meeting.

**ALCOHOL TICKET IS ISSUED**  
Don B. Shannon, 20, of 2233 Washington Ave. was ticketed in the 4600 block of Kirkpatrick Homes at 11:15 p.m. Thursday for possessing alcohol. A hearing is set for May 25.

## Breaks

(Continued from Page 1)

Avenue, a cave in behind the Maryville Manor apartments in the 3200 block of Maryville Road, dirt sinking at Leyden Avenue, near Denver Street and a hole in the alley behind Faith Baptist Church and Nameoki Road and Faith Avenue. Warfield said those breaks will be watched carefully.

The new breaks come on top of continuing work to repair eight breaks for which the Federal Emergency Management Agency (FEMA) has authorized repair funding and four which FEMA has refused to fund.

A DEEP repair job on the Fehling Road curve is in jeopardy due to the rains late last week and during the weekend, which left quite a bit of

water in the 25-foot deep hole and threatened to collapse it. Warfield said crews were ready to pour concrete for a lift station there Thursday, but the rain prevented it. "Now it's filling with water and we almost lost our bypass pumping there during the weekend," the street superintendent said.

Dewatering has been necessary since the Fehling Road repair job started since crews are working 25 feet down and the water table is about seven feet below ground level. He described that break as "still our biggest problem."

Last week, a major break occurred on Fair Oaks Drive by Argos Avenue and bypass pumping was started there.

Cueto suggests that Weber resign because the prosecutor may need to devote much of his time to defending against the official misconduct allegations.

**WEBER THINKS** he will have adequate time to fulfill his duties, and asserts that he has done nothing unlawful or inappropriate.

Saying there was no manipulation to gain political advantage for himself, the prosecutor describes the case as boiling down to him being "indicted for thinking of indicting others."

Weber believes a more substan-

tive charge would be required before he would consider stepping aside from the work he was elected to perform.

There is no requirement that he resign or take a leave of absence during a misconduct trial.

Weber does not agree that Judge Kernan is the right individual to consider the motions, pointing out that Kernan knows Cueto and dis-

from the city sewers have not been a problem. Warfield said, however, the high water table has caused some home sewers to fill up and back up into homes. Warfield says those backups are not the city's fault. With the exception of sewers with breaks, "the system is running pretty well," Warfield said.

Also, water seeping into basements is a problem caused by the high water table, not by the city, he said.

Warfield said he will have to ask the city council tomorrow night for funds for some immediate repairs. Work must be completed on the eight FEMA-funded break repair jobs by Dec. 6, or the federal funding could be lost.

qualified himself from a previous case associated with Weber.

**THE IMPACT** of the indictment of a prosecutor has not yet been determined. But political observers say it is not the kind of occurrence that would like to see during an election year.

There has been no conjecture as yet about the timing of Weber's trial, if one is held. Conviction could result in a prison sentence.

Weber pleaded innocent last week and was released on two \$10,000 recognizance bonds. Circuit Judge Horace L. Calvo is expected to appoint a judge to hear the case but has not yet done so.

Association supports the convenient-forum concept and is actively opposing new legislation by State Rep. Alan Greiman, Skokie Democrat.

House Bill 255 would allow a change of venue only in cases where a trial would pose a substantial burden on the court docket.

It relates that "no action commenced in a proper venue shall be subject to dismissal, transfer or injunction by any court on the grounds that there is a more appropriate and convenient forum."

The bill would affect all firms and corporations doing business in more than one location in the state. The IMA warns that "under this bill, a company based in Chicago, defending against a suit from an action occurring in Chicago, could face a long court battle in Madison County."

## Mehelic denies rumors of planned resignation

Nameoki Township Highway Commissioner Frank Mehelic told the Press-Record this morning that there is no truth to rumors that he plans to resign his office.

"Why would I resign? I am doing a proper job," Mehelic said today. Mehelic was indicted by a Madison County grand jury indictment March 17, 1983, on felony charges of official misconduct and is tentatively scheduled to go to trial the week of May 7. There have been several continuances of trial dates in the case.

**High speed chase ends in collision**  
A high speed chase involving at least six Illinois and Missouri police departments ended with the arrest of an Arizona man Thursday on Bellefontaine Road in North St. Louis County.

After apparently failing to pay for a purchase at the Campus Shell service station, Interstate 270 and Route 157, the man fled eastward on I-270 where a car matching the description radioed to state police officers in the area was observed near the I-55 interchange.

Illinois State Trooper Robert Dunn attempted to stop the vehicle at I-55, but the car used the interchange to change direction and headed west on I-270.

The trooper pursued the car, which reached speeds in excess of 105 mph.

Southern Illinois University police attempted to block the vehicle at Route 157 and I-270, but the man drove the car into the median to avoid the roadblock and continued west on the interstate.

At Route 111, Madison County sheriff's deputies set up another roadblock, but again the man used the median to avoid being stopped. The state trooper continued to pursue the vehicle, again surpassing 100 mph, until it crossed the I-270 river bridge, where the trooper terminated his pursuit.

At this point, the state trooper followed the car to keep it in sight as Missouri authorities set up a roadblock on the interstate at Bellefontaine Road.

The driver left I-270 at the Bellefontaine Road off ramp and proceeded on Dunn Road, which parallels I-270 on the north, going the wrong way. The car narrowly missed an oncoming school bus and continued west on Dunn Road, still in the wrong lanes, authorities said.

The suspect entered the Bellefontaine Road intersection, against a red traffic light, and attempted to make a left turn into Bellefontaine Road when he lost control of his vehicle and collided with a north-bound vehicle. This crash disabled the suspect's car, which rolled to a stop.

Bellefontaine police, St. Louis County Police and Missouri Highway Patrol officers then took the suspect into custody. He faces several charges in Missouri and, if he waives extradition to Illinois, several misdemeanor charges by the Illinois State Police.

the case. Mehelic denies any wrongdoing.

Rumors started late last week that Mehelic planned to resign, possibly at tonight's town board meeting. The highway commissioner alleged today that political opponents had started the rumors. "I have no idea how it started. My opposition's always trying to start something. 'If I am going to resign, I will be the first to announce it. That would be retire, not resign,'" he added.

## Car flips over on Route 3 near Bissell

Three Alton area women were injured at 9 a.m. Saturday when the 1982 Ford in which they were riding ran into a two-foot-deep pool of water on Illinois Route 3, about 300 feet north of the Bissell Street intersection in Venice, and turned over.

Beth A. Fleming, 25, of Alton, the driver, was heading south on Route 3 when she hit deep water covering the highway and lost control of the car.

Mrs. Fleming was taken by Madison Fire Department ambulance to St. Elizabeth Medical Center.

Two passengers in the auto, Pat Simpson of East Alton and Kim Suter of Alton, also sustained injuries and were taken by ambulance to the local medical center for treatment.

## Responsibility when a dog bites

The Animal Control Act deals with the liability of a person owning or keeping a dog or other animal which injures a person. Frequently the question is asked as to what remedies are available to an individual who is bitten by a dog owned by another person. To answer that question one must look at the various circumstances surrounding the dog bite.

The Illinois Revised Statutes provide that if a dog or other animal, without provocation, attacks or injures any person who is peaceably conducting himself in any place where he may lawfully be, the owner of such dog or other animal is liable for damages to such person for the full amount of the injuries sustained. It is apparent that an injured person must satisfy several requirements of this law in order to recover from the owner of the dog. The victim cannot have provoked the dog prior to the bite in order to recover. Furthermore, the party sustaining the bite must have been conducting himself in a peaceable manner prior to the bite, and he cannot have been a trespasser on the owner's property at the time of the bite in order to recover. The decisions in many cases are based on the issues of whether the victim provoked the dog or whether the victim had a right to be on the property when he sustained the injury.

An example of a case dealing with these issues will be illustrative of the problems with a dog bite case. In one case, the defendant was the owner of a German Shepherd. He chained it to a pipe so that the dog was confined within the defendant's proper-

ty. The plaintiff, a 17-year-old magazine salesman, went to the defendant's home to solicit the sale of magazines. When the victim was within five or 10 feet of the door, the defendant's dog jumped on the plaintiff and bit him in the abdomen and on the thigh. The victim was treated for the injuries and received a tetanus shot.

The plaintiff filed suit against the defendant, and the defendant contended that he should not be responsible for damages in that the plaintiff was a trespasser at the time he sustained the injury. The court found that an owner of property who provides a path or a walk to his door extends a license to use the path during ordinary hours of the day. Therefore, according to the judge in this case, the 17-year-old salesman was in the ordinary course of his business and was lawfully on the premises. In this case, the court found that the plaintiff was entitled to an award of damages for the injury sustained.

## Playing At Home Cougar men, women win tennis matches

EDWARDSVILLE — Both the men's and women's tennis teams at Southern Illinois University at Edwardsville were champions recently during their respective home meets.

The Cougar men zipped past the University of Minnesota 7-2 on Thursday while their counterparts, the women's team, bettered others in the field to win their own Women's Collegiate Tennis Invitational Tennis Tournament on Saturday.

The Cougar women finished tops with 37 points, 13 points ahead of defending champion Southern Illinois University at Carbondale with 24 points. Principia College was third with 12 points and Illinois State University was fourth with five points.

In THAT invitational, Friday's action through the semifinals, were held outdoors before inclement weather forced the tournament finals indoors at the Cottonwood Racquet Club in Edwardsville.

Individual winners in the tournament were SIUE's Elisabeth Calander, who won the first singles title, Mary Pat Krueger, who defeated SIUE's Laurie Feederer for the second singles title, SIUE's

Lisa Schuito who won the third singles title, and SIUE's Calander and Monica Bridle who won the doubles championship. The two were, incidentally, the top doubles seed in the tournament.

In THE men's competition, SIUE dropped both the first and second singles competition, but came back to win the next seven matchups to secure the team victory. The victory brings the 20th rated Cougars' record to 20-7 while Minnesota, rated 16th prior to the matchup, fell to 20-4.

SIUE's winners include Monty Oppenheim in third singles, Johan Sjogren in fourth singles, Dave Delseni in fifth and Peter Moore in sixth singles.

In doubles competition, Sjogren and Delseni teamed to defeat Minnesota's doubles duo 6-3, 3-6, 6-3 in first doubles. And then Young Min Kwon and John Sorbo rebounded from their first and second singles losses to defeat Matt Grace and Chuck Metzger 7-6, 6-4 in second doubles.

In third doubles, the Cougars' Oppenheim and Joe Vassen teamed to defeat Lou McKee and David Blackstone 6-1, 6-3.

**TOP SINGLES.** Southern Illinois University at Edwardsville's top singles player, Young Min Kwon, returns a shot to University of Minnesota's Fredrik Pahlert during Thursday's collegiate tennis action.

Kwon lost the match to Pahlert, but the Cougars went on to post a 7-2 team victory, their 20th of the season. (Photo courtesy of SIUE Photographic Service)

## Sports Washed Out Playing havoc: Only the weather is competing

By ALAN L. GERSTENECKER  
Sports Editor

**of the Press-Record**  
Mother Nature had her way with the weather again during the weekend as every scheduled sporting event known in the Quad-Cities area was rained out.

When it wasn't coming down in buckets, it was misting. The kind of mist which necessitates a misting wiper on your car. This misting rain persisted throughout the weekend until early Monday morning.

The first sport to fall victim to the rain was the Granite City High School Round Robin Invitational Baseball Tournament. Beginning on Friday, the tournament lasted all of one shortened, six-inning game and half an inning of another. Christian Brothers' College of St. Louis bettered Normal University High 10-1 before Granite City and Quincy-Notre Dame were rained out after half an inning.

**ADDITIONAL** to Warrior Coach Bob Stegemeyer, this, the 10th annual affair, was the first time that a champion has never been decided in the tournament because of inclement weather. Because two of the teams in the tourney came from a relative long distance — Quincy-Notre Dame and Normal University High — it will be difficult for those teams to make a second journey south. Consequently, the tourney will not be made up.

However, the Warrior coach said he plans to schedule a game with CBC in the near future.

The most the tournament has ever been affected, Stegemeyer said, was in the spring of 1975 when Friday's sessions were rained out. The tournament did, however, continue on Saturday and all but the North-South game of the four-team tourney was played.

"It's simply unbelievable, this weather," Stegemeyer said. "There's not a whole lot you can do about it except wait for it to break." Stegemeyer, realizing the cancellation of the tournament was disheartening for his athletes, called a special, morale boosting meeting Saturday.

"I knew they were down and so I simply told them that this can't continue forever. It's got to break some time, some day. It can't be much longer before we're able to get out on the field with some regu-

larity," Stegemeyer said.

**WEATHER** permitting, the Warriors will attempt to host Gateway East Conference rival Belleville Althoff this afternoon at Varsity Field. Last Wednesday, the Warriors battled the Crusaders to a deadlock before Althoff pulled the game out on a home run in the bottom of the sixth inning. Today's game is scheduled to begin at 4 p.m.

The Round Robin Tournament wasn't the only thing to be cancelled on Saturday. Two track meets — one boys' and another a girls' — were also victims of Mother Nature.

Despite being scheduled on all-weather tracks, the weather was more than the even those surfaces could handle. Consequently, both meets were cancelled. The girls', the Pattonville (Mo.) Invitational, has been rescheduled for Monday, April 30.

The boys' meet, the Cougar Relays at Southern Illinois University at Edwardsville, has yet to be rescheduled.

"THE TRACK wasn't too bad, but the weather would have made the field events unbearable," said Warrior coach Pete Robinson. "I was glad they cancelled it. All that would have accomplished was getting some kids sick."

The Warrior track team's next test will come on Tuesday as they travel to SIUE for the annual Madison County Meet. Granite City, a large school, will compete in the Red Division Meet with Collinsville, Edwardsville and Alton.

Madison, competing in the Green Meet — small schools — will travel to Highland to compete against Roxana, Triad, Highland, East Alton-Wood River, St. Paul of Highland, Bethalto, Marquette and Metro-East Lutheran.

**ROBINSON**, who is meet director for his red division Warriors, said his athletes are in good condition and that they may have some surprises for the other competing schools, particularly in the high jump and middle distance events.

The final sporting event in the Quad Cities area this weekend to be victimized by the weather was the World of Outlaws show at Tri-City Speedway. Scheduled to begin on Friday and continue through Saturday, both nights were cancelled due to rain.

**AFIELD AFLOOD.** It didn't take much imagination to determine why Saturday's Granite City High School Round Robin Invitational Baseball Tournament was cancelled. When this photo was taken about 11 a.m., the area around home

plate was awash and there was more than an inch of water standing in portions of the infield. The tournament was cancelled and will not be rescheduled this spring. (Press-Record Photo by Alan L. Gerstenecker)

## Now 5-1 On Season Warriors sweep Tigers, Shells

GRANITE CITY — Despite a decisive victory over Gateway East Conference rival Edwardsville and another against neighboring Roxana last week, Granite City High School tennis coach Dick Harmon isn't sure his team is as good as its 5-1 record indicates.

"Both Edwardsville and Roxana are down this year," Harmon explained. "I'm not going to say we've got a better team this year than last, but we've certainly got more depth."

Last Monday, the Warriors rolled over GEC rival Edwardsville 6-1, a marked improvement over a similar pairing just days before when the Warriors won 4-2.

**TWO DAYS** later, on Wednesday, the hosting Warriors smothered the Shells 7-0. That, like the pairing with Edwardsville, was the Warriors' second victory of the season over Roxana.

Against Roxana, the Warriors did not so much as lose a set. First singles player David Lippe rolled over David Yeager 6-2, 6-1 and then Robbie Lombardi zipped past Brian Hargis by a similar score.

Third singles was somewhat closer, but Warrior Scott Dennis still managed a 6-1, 7-6 victory over Roxana's Jon Bailey.

In the fourth and final singles match Dave Warfield bettered Gary McKeon 6-3, 6-0 to give the Warriors their fourth and deciding victory

which secured the Warrior team victory.

**LIPPE** and Lombardi teamed in first doubles to defeat Yeager and Hoag 6-2, 6-1 while Granite City's Chris Chenevert and David Aerne edged Roxana's Bailey and McKeon 6-3, 6-3.

In the final match of the afternoon, Jerry Lakin and Dave Menendez bettered Roxana's Mark Batson and Matt Holman 6-1, 7-6 to secure the Warriors' shutout.

Against the Tigers, the Warriors picked up victories in three of the four singles matches and then swept the doubles matches.

Basically, the difference last Monday's match and the pairing which preceded it days before was Warrior Matt Sheridan's victory over Ed-

wardsville's Joe Archer. Sheridan who won the pairing Monday 6-1, 6-4, lost to Archer days before in double tie-breakers.

**OTHER** victories in the match went to Lippe at first singles, Lombardi at third singles, Sheridan and Lombardi at first doubles, Lippe and Dennis at second doubles and Lakin and Warfield at third doubles.

The Warriors only loss of the afternoon came in fourth singles, a loss to Edwardsville's Carl Lewin. Playing fourth doubles for the first time this season, Aerne dropped the match to Lewin 4-6, 3-6.

Coach Harmon's netters resume action this afternoon, weather permitting, as they travel to Belleville to meet GEC rival Althoff.

## At SIUE, Highland County track meets Tuesday Track & Field

The Annual Madison County Track Meet for boys and girls, sponsored by Harold E. Briggs, regional superintendent of schools will be held on April 24. In case of rain April 25 has been selected as the alternate date for the meet.

Preliminaries will start at 4 p.m. Immediately following the preliminaries the track competition between the schools begins.

Madison  
Trojans

This year both divisions will be competing on excellent all-weather tracks.

The red division, large schools, meet will be held at Southern Illinois University, located on Poag Road, Edwardsville. The meet manager is Pete Robinson of Granite City.

The green division, small schools, meet will be held at the Highland Sr. High School, 1500 Troxler, Highland. The meet manager is Steve Moore.

The following schools of Madison County will participate: green division high schools are Roxana, Triad,

Granite City  
Warriors

Highland, East Alton-Wood River, Madison, St. Paul of Highland, Bethalto, Marquette of Alton and Metro-East Lutheran.

Red Division high schools are Alton, Edwardsville, Collinsville and Granite City.

Admission is \$1 for students and \$1.50 for adults.

## For Los Angeles Games

### Anaheim is site selected for Olympic soccer team training camp

The United States Soccer Federation has announced the establishment of a training facility in Anaheim, Calif., for the United States Olympic Development Team's preparation for the upcoming summer games in Los Angeles.

The major sponsor of the training facility, based at St. Catherine's Military School in Anaheim, is the Budweiser brand of Anheuser-Busch, Inc.

"We are once again extremely pleased that Anheuser-Busch is continuing its commitment and support to the Federation and soccer as a whole through its assistance in helping prepare the U.S. Olympic Team for the Summer Games," said USSF President Gene Edwards.

Dennis P. Long, president and chief operating officer of Anheuser-Busch, Inc., said: "We think the U.S. Olympic soccer team will be better prepared for the upcoming Summer Games than ever before, thanks in large part to the intensive training the team will undergo in the next four months."

"The rigorous team training and the international playing experience our U.S. Olympic Team will gain will be invaluable as we prepare to face the world's best Olympic soccer

teams," Long continued. "We think the training camp concept — the foundation of Budweiser's sponsorship of the U.S. Olympic and national soccer teams — may in fact be the best way to prepare for international soccer competition. We at Budweiser are proud to be part of that effort."

Alekos Panagoulas, who in his role as National Coach oversees the entire U.S. national program (World Cup, Olympic, Pan American and National Youth teams), will direct the Olympic Development Team when it assembles at the California facility later this month. Manfred Schellscheidt had helped train the developmental squad for most of the past year.

"With the establishment of the training facility, National Coach Panagoulas will assume the responsibility of training the Olympic selection," added Edwards. "The move was made to coordinate the development of players involved with the Olympic program with those who will represent the Federation in the World Cup qualification matches this fall."

The U.S., which is assured of participation in the final round of 16 games during the Olympic Games as

the host nation, will take on the Netherlands Antilles in a home-and-home series in September and October in the first round of World Cup competition. The Olympic soccer tournament will get underway July 29 for the first round play at four regional sites: Pasadena, Calif.; Palo Alto, Calif.; Cambridge, Mass.; and Annapolis, Md.

The Olympic Developmental Team has played 34 matches to date as part of an extensive training program, including a four-game tour of Scandinavia last month. Under the direction of Panagoulas and Schellscheidt, the February 18-25 tour was highlighted by a 1-0 triumph over Finland (Feb. 20) and a 2-2 draw against Sweden's National Under-21 Team (Feb. 25).

Panagoulas is expected to soon name a pool of Olympic hopefuls, expected to form the nucleus of the final roster of 17 players. Each of the 16 final round participants must submit rosters of 17 players prior to the July 14 deadline. The Olympic Developmental Team will train in Anaheim and also continue competitive play against domestic and international opponents.

### A memorable occurrence

By AL BARNES  
for the Press-Record

It is amazing how many columns will give birth to another little masterpiece. Or, will come from doing research for a feature story. In other words, one never knows where one's next story, or column, is coming from.

This column, which should be called "Bleeding to Death???", grew out of my trip to Holland in 1976 with the soccer team from Southern Illinois University at Edwardsville. The Cougar kickers had been invited to take part in the international junior soccer tournament to be held to help celebrate the 800th birthday of Amsterdam, the Netherlands. It was scheduled to be held during the month of August.

Well over 71 national youth teams were entered in the meet and invited, along with SIUE, were such other outstanding U.S.A. collegiate powers as St. Louis University and Quincy College.

The world renowned soccer sports reporters from all over Europe could hardly contain their contempt for American soccer, which they said was hardly ready to compete on the level of the old world. The U.S. college teams, very frankly, were given little chance of even winning

one game, not to say capturing the championship.

So, imagine the experts' chagrin when a pair of United States eleven, SIUE and Quincy College battled their respective ways into the finals of their division. And, then Coach Bob Guelker's Cougars, in a brilliant display of junior level soccer playing, went on to defeat the Quincy Hawks for the crown.

But, I've got ahead of the subject of this column, which was the afternoon I thought I was bleeding to death.

Steve Axmacher, a senior defender on that great SIUE squad, had challenged me to play a tennis match for a Six-Pack.

I accepted Steve's challenge and we took over one of the many thousands of clay courts which dot the countryside in Holland as well as the rest of Europe.

It had been many years since I had played on a clay court. It was equal, because neither had Steve. The playing surface of the courts were as smooth as a billiard table and we enjoyed a fiercely contested three-set match with me winning, as I recall it, but here I could be wrong because even then in '75 my memory was beginning to play tricks on me.

The make-up of the clay courts,

particularly the color, was an unusual darkish red shade. And, as we played, the temperature shot upwards and we began to sweat and dust gradually covered the surface of the court.

Toward the end of the match, that is, Steve "lucked" a shot which just barely dribbled over the net for a point. I made an all-out attempt to retrieve it, but in doing so, I rammed into the metal post holding up the net. I ended up busting into the post and injuring myself rather painfully. But, in the excitement of the point, I didn't see whether or not I had broken the skin on my hip.

So, you can understand my sudden fear when, in the shower, I looked down and saw a steady stream of blood cascading down both of my legs. "My, God," I thought, "I'm badly injured and am losing a lot of blood."

But, after the initial surge of panic I calmed down and looked at my legs more closely and realized, with a strong feeling of relief, that my bleeding was only the reddish water of the shower washing off the dust of the Cardinal-colored clay courts so prevalent in Holland and in Europe.

What a relief. Axmacher and I still enjoy a chuckle over the incident even though, at the time, it did scare the devil out of me.

### Softball tourney registration

A Granite City slow-pitch softball team will sponsor a 12-team tournament May 4-6 at Madison's Third and McCambridge Streets diamond. The fee for the tourney is \$75 per team with prize money being awarded to the first three-place teams.

Team managers wishing to register their teams should contact either Kenny Prazma at 876-3565 or Chris Louis at 452-5186.

### SEMC hosts Heart and Sole Run May 19th

St. Elizabeth Medical Center will sponsor a one- and five-mile fun run on Saturday, May 19 to benefit the Coronary Care Unit at the facility.

Entitled the Heart and Sole Runs, both runs will begin and end at the Medical Center. The five-mile run will begin at 9 a.m. followed by the one-mile run which will begin at 9:15 a.m.

The entry fee for both runs is \$5 per person, and the first 250 entrants will receive surgical scrub shirts. All finishers in both runs will receive certificates.

Persons wishing to register may do so in either the public relations department or the social work department of the medical center. Checks should be made payable to St. Elizabeth Medical Center.

Persons may also register the day of the runs in the medical center lobby between 7 and 8:30 a.m.

### Openings in Juvenile League

The Granite City Park District is searching for individuals to play in their Juvenile baseball leagues. The juvenile age division includes anyone born in the year of 1969 and 1970.

All persons interested should contact the Wilson Park Office either in person or by telephone as soon as possible.

The park office is located on Benton and Oregon streets and the phone number is 877-3059.

### Lions' Run April 28th

The sixth annual Highland Lions' Five-Mile Run and 2K Fun Run takes place Saturday, April 28 at Lindendale Park in Highland.

The first 400 applicants will receive a race T-shirt courtesy of Glik's. Applications are available at Glik's and Glik's Limited locations in the Metro-East and St. Louis area.

### McBride soccer camp

The Pat McBride Soccer Camp has begun accepting applications for its 14th season of operation. This summer, the camp will offer four one-week sessions for boys ages 7-17 at Lindenwood College in St. Charles, Mo.

Sessions are scheduled June 10-14, June 17-21, June 24-28 and July 8-12. A one-week session costs \$100 for room and board and \$165 for dormitory fees.

Pat McBride, head coach of the Kansas City Comets of the Major Indoor Soccer League and last season's MISL Coach of the Year, heads a camp staff which includes Kevin Kelly, head coach at Meramec Community College in St. Louis, and Bob Brunette, coach of two-time U.S. Amateur Cup champion Busch of St. Louis. College players will serve as counselors.

Lindenwood's facilities include a lighted artificial turf stadium, grass fields, a swimming pool, cafeteria and air-conditioned dormitories.

Information on the camp may be obtained by writing Pat McBride Soccer Camp, 721 Davenport, St. Louis, Mo. 63123 or by calling (314) 631-7114.

### QCSA forms adult leagues

The Quad-Cities Soccer Association is forming spring outdoor soccer leagues for men and women over the age of 25.

These leagues will begin the week of April 23 and continue through the end of June. Team registration will be \$200 for a 10-game schedule. There will be no limit on the number of players on the roster.

Any team or individual interested in competing should call the Quad-Cities Soccer Hotline at 877-1282 for further information. All registrations must be received by April 7 so schedules can be prepared.

### MAC Bandits sponsor soccer tournament

A Granite City youth soccer team is sponsoring a benefit indoor soccer tournament next month to raise money for a St. Louis girl who needs a liver transplant operation.

The MAC Bandits, a team comprised of 12-year-olds, will sponsor a 16-team indoor soccer tournament May 12 and 13 at Soccer for Fun to benefit St. Louisian Tammy Beckham, a 16-year-old girl who needs a liver transplant.

Openings in the tournament are available for teams 14 years and under, 12 years and under and 10 years and under. Although it is listed as a 16-team tourney, Mrs. Ruth Richardson said as many as 20 teams may register to compete. There is a \$65 fee per team to compete in the tournament, \$30 of which must be turned in by April 26 to guarantee participation. The \$65 fee, incidentally, guarantees each team at least two games.

Persons wishing to register a team for the tournament should contact either Mrs. Richardson at 931-4543, June Hartwick at 797-0387, or Fred Johnston at Soccer for Fun, 797-0619.

For those persons who do not wish to register a team for the tournament, but still wish to contribute to Tammy Beckham's cause may do so by mailing their contribution to the Tammy Beckham Benefit Fund, in care of the Colonial Bank, 2400 Pontoon Road, Granite City, Illinois, 62040.

### Venice Rec. seeks softball participants

Venice Park District Superintendent Robert Wigfall has announced that the district is seeking men and women who are interested in participating in its summer softball leagues.

According to Wigfall, the leagues are not restricted to Venice residents alone. All Granite Cityans wishing to participate in the summer league are welcome, Wigfall said.

The slow-pitch league which will play at Lee Park, will begin in May. Persons interested in participating should contact Wigfall at the Venice Recreation Department at 877-3152 or 876-6599 at home.

### SFF begins new sessions

Soccer For Fun will be running an eight-week session for May and June. Fee's will be \$550 for adults and \$250 for the junior teams. There will be openings for men's, women's, co-ed and children's teams. The sessions will start the first week of May.

Soccer For Fun will also be taking individual sign-ups for a men's and over league, which will play on Sunday afternoons. Soccer For Fun still has openings for the 21 and over women's clinic on Monday mornings and the Co-Ed Industrial League on Friday afternoons.

For further information on any of these league persons should call 797-0619.

Again this summer Coach Bob Guelker of Southern Illinois University at Edwardsville will conduct a clinic for boys and girls the week of July 9-13, from 10 a.m. to noon. Applications for the clinic are now being taken.

## Task Force on Horse Racing formed

Governor James R. Thompson announced the formation last week of a 28-member Task Force on Illinois Horse Racing to review "all the horse racing laws of the state."

Chairman of the group will be William T. Yvickar, chairman of the board, and chief executive officer and president of Gould, Inc., Rolling Meadows.

The first Task Force meeting is being scheduled for May in Chicago.

Horse racing and breeding are major industries in Illinois, the governor said, "and account for thousands of jobs and millions of dollars of revenue for our people. I believe it is time that we engaged in a complete review and overhaul of the laws relating to these industries with an eye to increasing jobs, tax revenue, and the enjoyment of the sport of horse racing by hundreds of thousands of fans."

"I have assembled a group of Illinois citizens to also examine how we may upgrade the breeding program, tracks, fields and purses for Illinois racing."

As an example of one such law which will be reviewed by the Task Force, Thompson said the distribution and formula for the privilege tax collected by the state on betting revenues should be carefully scrutinized, particularly in light of declining state income since 1979 from this source.

"We last revised this tax in October 1979. From the high water mark of \$84 million in 1979, state income from horse racing privilege taxes dropped to \$64 million in 1983."

"Last year I approved legislation to begin broadening horse racing in Illinois by instituting inter-track simulcast wagering, whereby racetracks may carry television pictures of the races from other tracks and take bets on those races. It is too early to be precise about the effect which inter-track betting will have upon the state's income, or that of the tracks. However, it appears that racing fans like the system, because overall attendance and wagering are higher at the tracks participating in the inter-track system," the governor said.

In addition, the governor said, the distribution of funds from the racing privilege tax through the Illinois Agricultural Premium Fund have been the topic of discussion in the General Assembly and should be discussed in light of their impact on the state's breeding program through dollars added to purses for Illinois-bred horses.

The question of whether the state should enter the field of off-track betting as a way to strengthen the racing industry also is a matter for Task Force consideration, the governor said.

"I believe that the way to approach a discussion of horse racing needs is to put all the participants in the racing industry together with legislators to propose changes where they may be needed," Thompson said. "This task force has a wide base of representation and is ideally equipped for the task."

Task Force members are: Jack Weaver, general manager, Fairmont Park, Collinsville; Joseph P. Joyce, president, Arlington Park Racetrack; State Rep. Judy Baar Topinka, Riverside; State Rep. Jim McPike, Alton; Charles W. Bidwill Jr., president and general manager of the National Jockey Club, operator of thoroughbred races at Sportsman's Park, and James P. Patten, general manager, Quad City Downs, East Moline.

Also State Sen. Stanley B. Weaver, Urbana; Richard L. Duchossois, chairman and chief executive officer of Duchossois Industries, Elmhurst; State Sen. John A. D'Arco, Chicago; Daniel R. Groh, vice president and general manager of Balmoral Racing Club, Inc.; James K. Williams, assistant to the governor, Springfield; James L. O'Keefe, Chicago, chairman of the Illinois Horse Racing Advisory Panel.

Tyrene C. Fahner, former Illinois attorney general, former member of the Illinois Racing Board, and partner in the law firm of Mayer, Brown & Platt, Evanston, and Patrick J. Flavin, president and chairman of the board, American Data Centers and Maywood Park Racetrack.

Thomas F. Carey, president and general manager, Hawthorne Race Course, Cicero; Wendell W. Wright, Danville, vice president of the Illinois Harness Horse Racing Association, operator of Wright's Red Barn Stables; Charles E. Schmidt Jr., former chairman of the Illinois Racing Board; United States representative to the International Racing Officials' Conference in October in Paris, past president of the

National Association of State Racing Commissioners; Tim Bresnahan, Chicago, business manager, Local 134, International Brotherhood of Electrical Workers; Thomas G. Carley, Belleville, president, Illinois Division, Horsemen's Benevolent and Protective Association, and Jerome R. Bender, Rockford, who retired in 1982 as chairman of the board of Bergner-Weise Company.

Jane Hayes Rader, Cobden, a member of the Illinois Board of Higher Education; Betty Jones, Olympia Fields, co-operator with her husband, Jay, of Arbesque

Farms; Marilyn Weisbrook, Aurora, a real estate broker at Baird & Warner, Glen Ellyn; James P. McHugh, president of James McHugh Construction Company, Chicago, and owner of Windward Farm, Long Grove; Marjorie E. Albrecht, Princeton a member of the Illinois Health Facilities Planning Board; Thomas V. O'Neill, president of Lester B. Knight & Associates, Inc., Chicago, and Hanley Dawson, president of Hanley Dawson Cadillac Co., Chicago.

Other appointments to the Task Force may be made at a later date.

## \$200 DAMAGE AT CHURCH

After breaking a basement window on the east side of Niedringhaus United Methodist Church, 20th Street and Delmar Avenue, a vandal hurled pieces of a swivel chair through the opening, breaking a lavatory and causing damage estimated at more than \$200, last week.

## VENICE MAN CHARGED

## Cancer Bike-A-Thon set

The Quad-City Chapter of the American Cancer Society will hold its 10th annual Bike-A-Thon on Sunday, May 6.

"The event will take place from 1 until 5 p.m. at the (Granite City) Army Depot," states Jo Lucido, coordinator. "We are hoping that we will not have the 100-degree heat that marked last year's event," he added. Sign-up sheets are available at businesses throughout the Quad-City area. A goal of \$9,000 has been set.

Prizes and T-shirts, along with Nestle, will sweeten the event for participants, according to the

publicity chairman, the Rev. Don F. Pierson. Last year's winner chalked up 40 miles in the blistering heat to raise \$1,000 for the research and aid provided by the American Cancer Society. There were 124 riders on that occasion.

Volunteers to help with the registration and refreshments are needed. Mileage and identification cards will be provided for the riders. Those desiring to help may call Joe Lucido at 876-2074 or Jack Grievies at 798-3005.

Q: My wife and I are ready to retire. We're wondering if there are any areas of the country in which pensioners can stretch their retirement funds more than others?

A: The first place you might want to consider is right here at home. For one thing, you are probably well established, your home is probably mortgage-free, or nearly so, and you would not incur a major expense: That of moving. Although other areas may seem to offer some benefits, in the long run, making your retirement home right where you are may offer even larger advantages. But, to answer your question fairly, a recent study indicates that the top three economic choices around the country for pensioners are Utah, Louisiana and South Carolina. The study considered the living costs plus the availability of affordable housing, medical services and shopping in virtually every area of the country. Although rated as the most popular retirement place, Florida was rated ninth by the study. California ranked seventeenth and, in large part due to high fuel costs, Maine and Massachusetts were at the bottom of the list.

### Mrs. Sedlack hosts Cloverview Club

Mrs. Louise Sedlack entertained Cloverview Garden Club with a dessert luncheon at Ervay's Restaurant. Attending were Mrs. Charles Gandoria, Mrs. John Jenkins, Mrs. George Knapp, Mrs. Robert McCauley, Mrs. William McCauley, Mrs. B. C. O'Neill, Mrs. Albert Taylor, Mrs. Lester Rhine and Mrs. Ray Williamson.

President, Mrs. B. C. O'Neill called the meeting to order with the Club Collect read in unison.

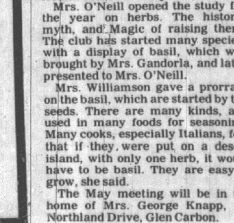

It was announced that Mrs. Jenkins, Mrs. O'Neill, Mrs. Eldon Meikamp, and Mrs. Clarence Elberhede attended the district meeting at Holiday Shores in Edwardsville. The club won a blue ribbon for their yearbook and history book.

Also announced was that on May 4th the district workshop, which will be a potluck, hosted by Lakeview Acres Club, to be held at Perpetual Health Center in Maryville, Ill.

Mrs. O'Neill opened the study for the year on herbs. The history, myth, and Magic of raising them. The club has started many species, with a display of basil, which was brought by Mrs. Gandoria, and later presented to Mrs. O'Neill.

Mrs. Williamson gave a program on the basil, which are started by the seeds. There are many kinds, and used in many foods for seasoning. Many cooks, especially Italians, feel that if they were put on a desert island, with only one herb, it would have to be basil. They are easy to grow, she said.

The May meeting will be in the home of Mrs. George Knapp, 101 Northland Drive, Glen Carbon.

## District Legion Auxiliary Juniors adopt eagle chick

Bill Voelker of Millstadt, Ill., who raises bald eagles was the featured speaker at the convention meeting of the 22nd District American Legion Auxiliary Juniors held at the Venice-Madison Post 307 home.

After his talk the members agreed to donate \$500 to adopt an eagle chick as their special project for the year.

Following the lunch hour a business session was conducted by Miss Sara Schroeder of Columbia, president of the unit.

Plans were made to attend the Department (state) Junior Conference on April 27-28 in Champaign, Ill., and on May 20 they will attend the Maifest at the Veterans Home in Quincy, Ill. There the girls plan to visit veterans in the hospital section of the housing project.

Contests were held in the

Americanism picture book, poppy centerpiece, corsage and tray favors and group activities section.

Miss Melissa Ernst of Belleville Unit 58, was present dressed in white attire trimmed in red poppies. She is competing in the "Miss Poppy" contest for the department and gave a short talk on the memorial poppy.

In other business an election of officers for the 1984-85 year was held. Those to serve are Renee Townsend, Cahokia, president; Kristine Clark, Cahokia, vice president; Rochelle Henderson of Venice-Madison, treasurer; Catherine Holtgreve, Belleville, historian; Andrea Kish, Columbia, chaplain; and Ra-Chel Oliver, Granite City, sergeant-at-arms.

Awards were presented to Tammy and Judy Cotner of Granite City, for

submitting the name of "Gonzo" as the name for the adopted eagle chick. Other prizes went to Sara Schroeder of Columbia and Jacquelyn Leroy of Highland.

The 22nd District President Audrey Krick of Wood River Unit 204, was a guest and spoke on the good work accomplished by the juniors for the year.

A fall meeting will be held in Columbia, it was announced.

Others present from the Venice-Madison Unit were Rochelle Henderson, Mrs. Norma Hillmer, 22nd district second vice president, and Miss Dorothy Hinson, 22nd District Junior Chairman. There were 25 members attending representing Cahokia, Columbia, Belleville, Highland, Millstadt, Wood River, Fairmont City, Granite City and Venice-Madison.

## Preceptor Gamma reviews projects

Mrs. Dorothy Simpson entertained members of Preceptor Beta Gamma Chapter of Beta Sigma Phi Sorority, as plans were reviewed for future events.

Betty Beck, social chairman, announced the Mother's Day luncheon will be held at 11:30 a.m. on May 6 at Charlie's Restaurant. Also all chairmen are to finish committee projects no later than Founders Day, it was noted.

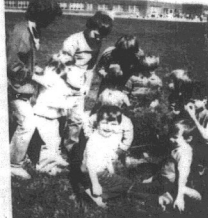

President Donna Lane presided over the session with B. J. Jones, secretary, recording the roll call and reading the minutes of a previous meeting and Carol Cathy submitting the treasurer's report.

A report was also given by Barbara Hente on the Sorority City Council meeting and named the newly elected council officers.

Other chairmen giving their monthly reports were Linda Koenig, service, and Mrs. Cathey, ways and means.

A program on "Women's Tears" was presented by Mrs. Jones followed by a dessert course served by the hostess. Also present were Helen Hull and Marilyn Lumpkins.

## Eads gardens featured in national magazine

Members of the Gardenaires Garden Club met at the home of Mrs. Richard Kerch and during the business meeting, which she conducted and committee chairmen submitted their monthly reports.

Of special interest was the report of the Garden Center chairman, Mrs. Roy Hornman. She announced the current exhibit at the Granite City Public Library feature a copy of the 1984 "Garden Ideas and Outdoor Living," published by Better Homes and Gardens. The local gardens of Mr. and Mrs. C. E. Eads are one of the four gardens featured in the publication. Mrs. Eads, who is a charter member of the local club, was congratulated on this honor.

The horticulture portion of the days program was given by Mrs. William Long, who reviewed the proper procedures for planting and caring for the popular perennial, baby's breath. Mrs. Long said the variety named Bristol Fairy was fairly easy to grow, and should pro-

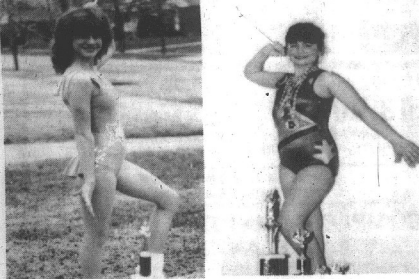

vide an abundance of flowers suitable for drying to use in winter bouquets.

At the conclusion of the business meeting, the program chairman, Mrs. Charles Kohl, presented the plans for the coming years programs. She stated the theme to be followed would feature "gardening" as practiced by the club members. Program titles were assigned, and the hostess list was announced.

Before adjourning the meeting Mrs. Kerch announced the annual work shop for District V, will be Friday, May 4th, in Collinsville. The Lakesview Garden Club, of Collinsville, will host the meeting.

The local club will hold their May meeting at the home of Mrs. Kohl, on Thursday, May 10th.

Attending the session were: Mesdames A. A. Malotki, William Long, Mary Kristian, Charles Kohl, Roy Hornman, John Farrell, C. E. Eads, and Jerry Arbelter.

## President Lazerson discusses education of teachers

President Earl Lazerson of Southern Illinois University at Edwardsville believes the arts and sciences must continue to play a major role in teacher education, but he warned today that "university education will not survive and prosper if it isolates itself from the intricacies of the work place in an industrial age."

Joining eight other public university presidents in Illinois in a conference to discuss growing concerns about the quality of America's schools, President Lazerson was a panelist in a session dealing with professional development of educational personnel.

"THE UNIVERSITY in America in the late 20th century is, as it has always been, an institution serving the needs of the society surrounding

and nurturing it," the president said. "There is an important difference between service and servility, and that difference must ever be defended. Innovation, experiment, and intellectual leadership must be matters of routine operation."

"If the university should submit to the importunities of any ideological or special interest segment of the population, the arts, broadly construed to include fine arts and humanities, and the sciences, including the social sciences, will not play a meaningful role in the education of teachers, not in the education of anyone else."

The SIUE president said he hears two major complaints from the world of business affairs concerning the failings of university graduates: they have a low level of communication skills and second, an inability to adapt readily to circumstances beyond a narrow range of possibilities.

"THE FIRST MUST be approached through patience and hard work at every level of the educational process," Lazerson said. "A cure for the second should be the natural outcome of a refashioning of the undergraduate experience of young men and women."

Referring to the question of poor preparation of students for university studies, Lazerson urged active partnerships between universities and common schools in an effort to find ways to improve the quality of instruction. And he suggested that thought should be given to encouraging "the best minds" to become the teachers who provide the education

of our children in their most formative years."

The president said one of the most difficult challenges facing higher education is the frequent apathy of students toward general education. "Negative student attitudes will not be overcome in my judgment until we in education see general education as a truly cooperative and integrated venture among the arts and sciences," he predicted.

LAZERSON SAID he is not hostile to the disciplines. "They must remain intact if they are to carry out responsibilities of advanced instruction and research," he said, "but curricular reform is necessary as Clark Kerr, former president of the University of California, recently pointed out."

Kerr placed responsibility on the

president as having the central role in reforming curriculum, but Lazerson indicated that others disagree. For example, Frederick Rudolph, professor emeritus at Williams College, charges the faculty with the basic responsibility.

"In this controversy, I take a middle course," President Lazerson said. "In fact, at the very great risk of being misunderstood, I will say that I am nearly as interested in how courses are taught as I am in what is taught. Certainly the president must clarify the goal of reform and also make it clear that he will not settle for less. Determination of the 'what' must be a faculty responsibility carried out with active administrative support and encouragement. The 'how' may turn out to be the difficult task, and while it will take some practice, I have not found the faculty intransigent."

REFERRING AGAIN to student

disinterest in the general studies curriculum, the SIUE president said, "American students come to the university from a social background that is bewildering in its diversity. Consciously or not, I believe they are in quest of some assurance that the world is not as hopelessly fragmented as it seems, for some sense of a relatedness of things."

The Presidents' Conference at Illinois State University was co-sponsored by ISU and the Illinois members of the American Association of State Colleges and Universities.

## Nursing professor attends maternal nutrition course

Barbara McDonnell, assistant professor of nursing at Southern Illinois University at Edwardsville, has returned from an intensive, two-week course in maternal nutrition, sponsored at the University of North Carolina by the National March of Dimes Foundation.

Miss McDonnell said the information gained from the course will be used in the development of a special summer program for nursing faculty in High Risk Pregnancy to be offered at SIUE. The course included the latest research findings about the impact of maternal nutrition on the developing fetus, plus updates on

the effects of drugs, alcohol and smoking on babies. The participants also used computers to analyze the content of diets, and they videotaped diet interviews and held a debate about controversial dietary topics.

"THE COURSE WAS an outstanding professional opportunity," Miss McDonnell said. "Top-notch faculty from throughout the United States were brought in as lecturers. In addition, we participated in field observations and actually had the opportunity to apply the new knowledge from the course with maternity clients for two and one-half days at field sites under the

direction of skilled dietitians and nutritionists."

On the last day of the conference, the participants met with Gabriel Stickle, senior vice president of the March of Dimes, to evaluate the conference and discuss strategies to implement changes in maternal nutrition.

Miss McDonnell was one of 13 participants selected from applicants throughout the nation. The fellowships were awarded to physicians, nurses and nutritionists.

"I AM GRATEFUL to the officials of the Metro-East Chapter of the March of Dimes for making this

educational experience possible," Miss McDonnell said. "It will have positive impact on both mothers and babies."

### SIUE Women's Club sets sail

A Huck Finn boat cruise, on which incoming officers for 1984-85 will be installed, is the final activity for the current year for the Southern Illinois University at Edwardsville Women's Club. The board is scheduled for boarding at 7 p.m. to May 17, 7:30 p.m. departure and a 10 p.m. return.

During the evening, the newly-elected slate of officers will take the helm of the organization; they include: Lenora Leffler, president; Connie Denue, vice-president; Virginia Hatfield, secretary-treasurer; and Jean Koepke, director at large.

THE FARE for the trip is \$18 per person, which includes a roast beef dinner, two drinks and dancing to a three-piece band. A cash bar will be open throughout the evening. The Huck Finn is "generously equipped" with life preservers, according to the boat's owners.

Reservations, with advance payment, should be made with Lenora Leffler, 1221 Gloucester, Edwardsville, Ill. 62025, 1-656-2157, or Mildred Arnold, 1306 St. Louis St., Edwardsville, Ill. 62025, 1-656-3094.

## Mature Student Workshop is offered

For mature adults who think that coming back to school could be the answer to job advancement or a career change, a Mature Student Workshop is being offered free of charge on the campus of Southern Illinois University at Edwardsville. The workshop on Sunday, April 29, will be in Room 3102 of Building II from 1 to 4:30 p.m.

"An investment in yourself

through further education is your best investment for your future security," according to Pat North, an academic counselor for the Office of Academic Services at SIUE. "Because of today's changing job market and fewer jobs, the mature adult should realize the job security is determined by his knowledge."

MISS NORTH, who is facilitating the workshop, will provide career in-

formation and inform incoming students on such topics as: college credit for life experiences; career-interest testing; admission procedures, including entry as a non-high school graduate; non-credit courses; financial aid; Week End University courses; special services to students, such as refresher courses and tutoring and placement information.

There will be free parking adjacent to Building II for those attending the workshop. Refreshments will also be provided. For further information, interested persons may contact Miss North in the Office of Academic Services, at 1-692-3701.

## GC woman preparing for career

Any Diane Karnages, a University of Evansville student from Granite City is preparing for a career as a specialist who will work with handicapped children. As part of her educational experience while in the clinical training program at UE, she will work as a therapist and teacher with handicapped children for 16 hours each week.

Upon graduation, each student participating in this program will have accumulated 1,500 clock hours as an intern with emotionally disturbed, mentally retarded or learning disabled children. This experience will include work in facilities such as a children's psychiatric hospital, a rehabilitation

center, special education classes and other community agencies which serve handicapped children.

AS SPECIALISTS in the care and education of children who have unusual problems, these students will be qualified to work in a variety of settings including schools, hospitals, residential institutions and private practice. According to Dr. Dewey Moore, director of the clinical training program at UE, the need for well-trained persons such as these students can be expected to remain quite high for many years to come.

Miss Karnages is the daughter of Mrs. Diane Karnages of 2337 Cleveland Blvd.

## Honors Day scheduled at SIUE

Southern Illinois University at Edwardsville will hold its annual Honors Day Convocation, May 20, recognizing students who have demonstrated outstanding achievement and academic excellence.

The award ceremonies will be held at 3 p.m. in Meridian Ballroom in the University Center.

"THE ANNUAL Honors Day Convocation is the university's recognition of its truly outstanding students. We take great pride in honoring these students who, in their quest for knowledge and training, are contributing much to the overall quality of education," Vice President and Provost Barbara Teters said.

For Honors Day recognition, students must maintain a grade-point average of 4.50 or better (4.0 is equivalent to B; 5.0 to A). In addition, those students must have completed and passed at least 24 hours of studies at the university to be eligible for recognition.

Almost 200 students will receive special awards from the SIUE Foundation and the academic departments for excellence in the students' fields of concentration. In addition, the foundation gives awards each year to the graduating male and female student having the highest four-year grade-point average.

FUNDING FOR monetary awards comes from individual donors, business and industrial organizations, civic groups, and local, state

and national government agencies. Additional information concerning the convocation may be obtained from Janet McReynolds in the Office of the Vice President and Provost by calling 1-692-3772.

## Drug task force to meet tomorrow

The Transition Force for the new Illinois Department of Alcoholism and Abuse will meet on Tuesday, April 24, in Mt. Vernon, Task Force chairman and department director-designate, Thomas B. Kirkpatrick Jr., has announced.

The department combines the statewide administration of services for alcoholism and drug abuse formerly handled separately under the Department of Mental Health and the Illinois Dangerous Drugs Commission, and will begin on July 1.

One of the Department's four regional offices will be located in Mt. Vernon, serving the southern 34 counties in the state and the Transition Task Force "is particularly interested in the special needs and concerns of the region," Kirkpatrick said.

The Task Force's purpose is to plan and to carry out a smooth transfer of the duties and responsibilities of the separate alcoholism and drug abuse functions, "so that after July 1, the new state Department will serve provider agencies and their clients with minimal disruption and increased cooperation and efficiency," Kirkpatrick said.

The three committees of the Task Force, dealing with organization, funding, and systems for the new Department, will meet at 9:30 a.m. Tuesday. The full Task Force will meet at 1 p.m. for general discussion and committee reports. All meetings will take place at the Mt. Vernon Holiday Inn.

RETURN WITH US TO...  
**JACK ARMSTRONG**  
THE ALL-AMERICAN BOY

"HAVE THE FLAG FOR HUDSON HIGH, BOYS, SHOW THEM HOW WE STAND, EVER SHALL OUR TEAM BE CHAMPION, KNOWN THROUGHOUT THE LAND."

From 1933 to 1951, JACK ARMSTRONG EPITOMIZED THE "CLEAN-CUT AMERICAN TEEN-AGER," WITH HIS UNCLE JIM FAIRFIELD AND HIS COUSINS BETTY AND BILLY FAIRFIELD, HE FOUND HIMSELF INVOLVED IN ONE RADIO ADVENTURE AFTER ANOTHER ALL OVER THE WORLD.

**"BREAKFAST OF CHAMPIONS"**

WHEN JIM AMECHE PLAYED THE TITLE ROLE, THE PROducers CRAFTED HIS BROTHER, DON, FROM THE SERIAL AS CAPTAIN HUGHES, THE BROTHERS SOUNDED SO MUCH ALIKE THAT LISTENERS WERE CONFUSED.

I FORGET NOW WHICH ONE OF US IS JIM F.

OVER THE YEARS, JACK HELPED SELL TONS OF HIS SPONSOR'S CEREAL. IN 1935, FOR A CEREAL BOX TOP AND 104 JACK ARMSTRONG'S TANS WERE OFFERED PROBABLY THE MOST POPULAR PREMIUM OF THEM ALL... THE PEDOMETER.
